

Graphic and innovative wood

A horizontal band of wood grain texture, consisting of several curved, parallel lines, runs across the middle of the page. A central white trapezoidal box with a thin brown border is superimposed on this band.

**DUCERF**  
**GROUPE** 

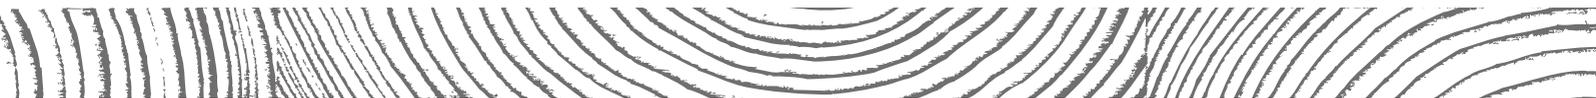

The logo icon for Ducerf Groupe, featuring a stylized tree or plant shape composed of horizontal lines of varying lengths, creating a sense of depth and texture.

« An awakening of the senses and unbridled creativity »

« An assumed and enhanced return to the basics »

CREATIVE / GRAPHIC / TIMELESS / DECORATIVE

« A sculptural and harmonious aestheticism »

« A perfect symbiosis between architecture, design and nature »

ECOLOGICAL / STYLISH / INNOVATIVE / INSPIRING

« A living and warm material for mankind »

« An infinite field of applications »

was born from the alliance of a designer and an industrial manufacturer who respect their environment and their passion for wood. A shared desire to invite nature into the home through an ecological, graphic and technical material intended for interior design.

### Sylvain Hardy

French designer-cabinetmaker whose philosophy and inspiration are centred around the material, nature, architecture and design.

A way of being: to creatively shed light on the beauty of the nature that surrounds us. Its touch is spirit, spirituality, symbiosis.

### Ducerf Groupe

French industrial manufacturer specialising in the first and second transformation of hardwoods since 1885.

A family group with know-how, expertise, passion, an innovative spirit and an eco-responsible attitude in its approach to the material.

EXCLUSIVITY  
**DUCERF  
GROUPE**

- 🔊 Innovative and graphic finger-jointed panel mixing growth rings with crossed fibres
- 🔊 100% natural solid wood
- 🔊 Common spruce light species
- 🔊 Various thicknesses
- 🔊 Unique graphism, structured by the wood's natural fibres and manufacturing techniques
